D O letter No T C 65/34-35 dated the 12th May 1935 from the Deputy Commissioner Kolar District to the Chief Engineer of Mysore

---

As desired in Development Secretary s D O letter No 102/34-35 dated the 9th instant I am forwarding herewith the design prepared in the Office of the Government Architect for the Municipal Office at Chintamani Though this design differs slightly from the one estimated for and sent up to Government for sanction the design of the Government Architect which is only slightly less costly than the one sent up at first will be adopted during - - - execution As the foundation stone has to be laid up by the Dewan in the last week of this month there is no time left to prepare a fresh estimate and for adopting all the formalities with reference to the new design I shall therefore be grateful if you will be pleased to recommend to Government to sanction the original estimate with the observation that the design should be modified according to the revised design of the Government Architect
